            <p>You can have all I've made and all I've ever known <br>
You can have both my lungs if you ask me so<br>
'Cause I-I-I want to be the one after your own heart<br>
And I-I-I might doubt the process like I doubted the start<br>
<br><br>
So I'm beggin', oh-oh-oh, mercy<br>
I'm beggin', oh-oh-oh, mercy<br>
<br><br>
Downstairs, I feel better in the cellar<br>
Down there, it's some shelter from the weather<br>
I wear all of my heart on my sleeve<br>
I'll take what I believe, and I'm hiding it<br>
Downstairs, I feel better in the cellar<br>
Down there, it's some shelter from the weather<br>
I wear all of my heart on my sleeve<br>
I'll take what I believe, and I'm hiding it<br>
<br><br>
Feeling like I'm nothing, feeling like I'm run down<br>
Was afraid of nothing, now I'm just ashamed how<br>
I hide my face from you<br>
<br><br>
So I'm beggin', oh-oh-oh, mercy<br>
I'm beggin', oh-oh-oh, mercy<br>
<br><br>
Downstairs, I feel better in the cellar<br>
Down there, it's some shelter from the weather<br>
I wear all of my heart on my sleeve<br>
I'll take what I believe, and I'm hiding it<br>
Downstairs, I feel better in the cellar<br>
Down there, it's some shelter from the weather<br>
I wear all of my heart on my sleeve<br>
I'll take what I believe, and I'm hiding it<br>
<br><br>
Oh, what have I become?<br>
Dirty and wretched one<br>
```

Am I unholy land?
Have I forced your hand?

Oh, woah-oh, woah-oh, mercy, yeah
Oh, woah-oh, woah-oh, mercy, yeah

Down there, it's some shelter from the weather
I wear all of my heart on my sleeve
I'll take what I believe, and I'm hiding it
Downstairs, I feel better in the cellar
Down there, it's some shelter from the weather
I wear all of my heart on my sleeve
I'll take what I believe, and I'm hiding it
Downstairs (You can have), I feel better in the cellar (All I've made)
Down there, it's some shelter from the weather (All I've ever known)
I wear (You can have) all of my heart on my sleeve (Both my lungs)
I'll take what I believe, and I'm hiding it, yeah (If you ask me so, oh)

And I'm hiding it, yeah ('Cause I want to be the one)
And I'm hiding it, yeah (After your own heart)
And I'm hiding it, yeah, oh (And I might doubt the process like I doubt the start)

You can have all I've made and all I've ever known
You can have both my lungs if you ask me so
'Cause I want to be the one after your own heart
And I might doubt the process like I doubt the start
